

LEADING AND MANAGING CHANGE IN A VUCA WORLD

**Training Dates: Please refer to our training calendar
Armada Hotel, Petaling Jaya**

The Modules

Our volatile, uncertain, complex and ambiguous (“VUCA”) world brings new and unique challenges for organisations. Both private and public institutions are required to reassess and realign their vision, mission, values, beliefs and activities to be more agile and relevant in a VUCA world. The success of an organisation starts with its people and this workshop will provide them with the framework to make the necessary changes and improvements to help their organisation succeed in a VUCA world.

Module 1 – Learn and apply the Alignment Model for **successful communication and change**

Module 2 – **Discover your “Big Why”** and passion in your life and business/ work

Module 3 – Explore your sense of self to **unlock your true potential**

Module 4 – Understand and clarify your motivation and how to get and **stay motivated**

Module 5 – Develop a **flexible, positive and resilient mindset**

Module 6 – Analyse, leverage on and **improve your attitude, skills, knowledge and expertise**

Module 7 – Set values-based goals and **take committed and measurable action**

Module 8 – **Resolve internal conflict** and **develop authenticity and credibility** in your life and business/ work

Who Should Attend

This course is intended for managers at all levels, senior executives, entrepreneurs as well as for others who want to be at their personal best by leading a meaningful and fulfilling values-based life and/or career and having a positive, flexible and resilient mindset; and ultimately to help their larger community excel in a VUCA world.

Objectives/Benefits of Training

Upon completion of the course, participants will be able to:

- Understand and be consciously aware of the influence and impact of their environment, behaviour, capabilities, beliefs, values, identity and purpose (“Logical Levels”) on their lives, businesses/ work and how such factors may affect their progress or success.
- Resolve internal conflicts by bringing their Logical Levels into alignment and removing barriers to personal and organisational success.
- Design an action plan for positive change and improvement, taking ownership of and being accountable for such change.
